INTENSIVE CARE

CONCENTRATED SOLUTIONS FOR FLASH RESULTS

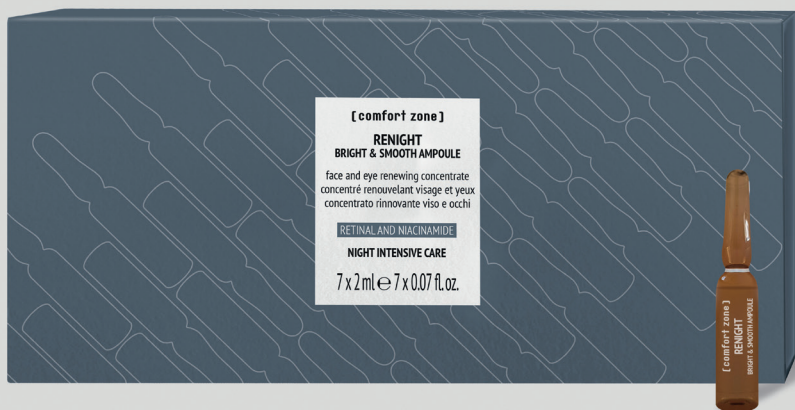

The [comfort zone] research and development laboratories have developed 3 super-concentrated ampoules with clean, high-performance formulations for HYDRA & GLOW, LIFT & FIRM and SMOOTH & BRIGHT effects depending on the skin's needs.

Their effectiveness, which is already visible after a single application, is clinically proven and even more noticeable after an intensive cycle.

RENIGHT

BRIGHT & SMOOTH AMPOULE

Face and eye renewing concentrate
intensive night-time formula for bright and smooth skin and eye area.
FRAGRANCE-FREE
97,5% natural-origin ingredients

CLINICALLY TESTED RESULTS

NEXT MORNING, AFTER 1 APPLICATION

95% of women confirm that their skin is radiant.*
100% of women confirm that their skin is smooth.*

AFTER TWO WEEKS

80% of women report that their eye area looks fresher and fine wrinkles are reduced.*
95% of women report that their skin looks visibly brighter, rejuvenated and improved.*

*Independent laboratory test_ Self-evaluation_20 women aged between 30 and 50.

ACTIVE INGREDIENTS

RETINAL 0,1%: stimulates cell turnover, boosting the vitality of the deeper layers of the epidermis and counteracts collagen loss: the skin and eye area is elastic, smooth and evenly textured.

NIACINAMIDE 2%: also known as vitamin B3, stimulates collagen synthesis, counteracting signs of aging and promoting an even complexion and enhanced radiance.

ACETYL-TETRAPEPTIDE-5: a multifunctional peptide specifically for the eye area, it acts on the mechanisms that cause the appearance of puffiness and dark circles. It gives the eye area a fresher, rested look with newfound radiance.

SUBLIME SKIN

LIFT & FIRM

Firming concentrate
intensive anti-aging formula for fuller,
smoother skin and visible wrinkle reduction.
FRAGRANCE-FREE
99,5% natural-origin ingredients

CLINICALLY TESTED RESULTS

IMMEDIATELY

100% of women confirm that their skin looks smoother,
firmer and fuller.

AFTER ONE WEEK

90% of women confirm that their skin is firmer and that
surface wrinkles and expression lines are less visible.*

*Clinical tests by an independent laboratory_ panel of 20 people
aged between 40 and 60.

ACTIVE INGREDIENTS

MACRO HYALURONIC ACID: a well-known ingredient
used in skin care treatments, it moisturizes the skin
and provides an immediate firming and lifting effect.

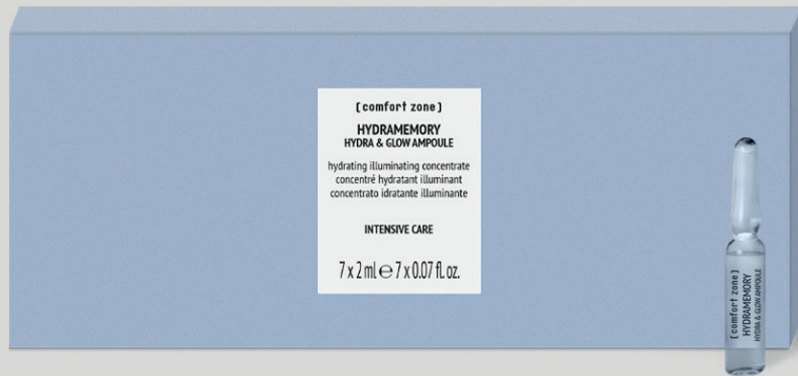

ACETYL HEXAPEPTIDE 1: a biomimetic peptide
scientifically designed to mimic the action of botox
by inhibiting muscle contraction mechanisms. This
effect results in the relaxation of surface wrinkles,
which are reduced in both volume and depth.

EPIDERMAL GROWTH FACTOR (EGF): this plant-based
protein promotes skin regeneration and the synthesis
of extracellular matrix components responsible for
the face's fullness and tone. It stimulates the natural
production of hyaluronic acid, collagen and elastin,
which significantly increase skin elasticity.

HYDRAMEMORY

HYDRA & GLOW

Brightening moisturizing concentrate
intensive moisturizing formula for plumped,
soft and radiant skin.

FRAGRANCE-FREE

94.5% natural-origin ingredients

EXTERNAL USE ONLY

CLINICALLY TESTED RESULTS

IMMEDIATELY

95% of women feel that their skin is more hydrated.*

90% of women report that their skin is softer and smoother.*

AFTER ONE WEEK

100% of women report that their skin is softer, more elastic and brighter.

*Clinical tests by an independent laboratory_ panel of 20 people aged between 25 and 40.

ACTIVE INGREDIENTS

NIACINAMIDE: also known as vitamin PP, moisturizes, brightens and protects the skin barrier.

NAG N-ACETYL GLUCOSAMINE: a product of fermentation, it works in combination with niacinamide for a brightening and antioxidant effect.

PGA POLYGLUTAMIC ACID: a product of fermentation, it mimics the action of hyaluronic acid with a barrier effect to reduce skin dehydration (TEWL) and improve hydration.

OUR PROMISE

PERFORMANCE AND SUSTAINABILITY

Concentrated formulations containing natural-origin and functional ingredients, free of animal derivatives and raw materials that have a negative impact on the environment, such as ethoxylates, silicones, mineral oil, artificial dyes and sulfates.

The same attention is paid to packaging, which is designed to be easily recycled, using recycled or renewable raw materials. All our packaging is carbon-neutral thanks to reforestation and social regeneration projects.

Certified

The 'Made in Italy' production takes place at the Davines Village in Parma, at the headquarters of the group, which is a certified B Corp that only uses energy from renewable sources.
